Subject index

A

- Abdominal amniocentesis, diagnostic (Goodlin), 1090 (Comm. in brief)
- delivery, vaginal and, neonatal albuminuria following (Glass), 242
- pregnancy (Henderson and Wilson), 356
- Abnormal hemoglobin, survey of cord bloods for, with further observations on hemoglobin I_{Burlington} (O'Brien, Gray, and Jacobs), 816
- normal and, human development, medical embryology in (Langman), 1106 (B. rev.)
- pregnancy, disturbances in carbohydrate metabolism in (Roszkowski and Janczewska), 207
- Abnormalities, anal, thalidomide and (Ives), 563 (Abst.)
- congenital, in infancy (Norman), 271 (B. rev.)
- Aborter, habitual, untreated, will abort a current pregnancy, on probability (James), 838 (Abst.)
- Abortion, criminal, soap intoxication following (Janovski, Weiner, and Ober), 839 (Abst.)
- Abortions, saline-induced, quantitative analysis of uterine motility in (Wiqvist and Eriksson), 75
- Abscess (tuboovarian), adnexal, ruptured, with generalized peritonitis (Pedowitz and Bloomfield), 721
- Absorption of sperm antigen from vagina in guinea pigs (Isojima and Ashitaka), 433
- Abstracts, 274-276, 558-564, 836-843
- Acardius parasiticus, monster (Boronow and West), 233
- Acid, ascorbic, deficiency and premature rupture of fetal membranes (Wideman, Baird, and Bolding), 592
- composition, fatty, serum lipid partitions and (using gas chromatography), in gynecological cancer (de Alvarez and Goodell), 1039
- concentration, free fatty, in plasma of mothers with diabetes and fetal body fat content (Mueller, Solomon, and Brown), 196
- fatty, composition of plasma lipid fractions in early puerperium (Leaké, Burt, and Dannenburg), 190
- Acid-base status, maternal, and neonatal respiratory distress in normal and complicated pregnancies (Levison et al.), 795
- Acids, nonesterified fatty, during late pregnancy and at delivery (Kontinen and Pyörälä), 277 (Correspondence)
- Adenocarcinoma, mesonephric, and adenoma of cervix (Tóth, Csömör, and Mészáros), 452
- Adenoid cystic basal cell carcinoma of cervix uteri, squamous and (Moss and Collins), 86
- Adenoma of cervix, mesonephric adenocarcinoma and (Tóth, Csömör, and Mészáros), 452
- Adnexal abscess (tuboovarian), ruptured, with generalized peritonitis (Pedowitz and Bloomfield), 721
- tissue, torsion of cystic or diseased (McGowan), 135 (Comm. in brief)
- Albuminuria, neonatal, following vaginal and abdominal delivery (Glass), 242
- Alkaline phosphatase, neutrophil, test (Harer), 1097; reply (Chang), 1098 (Correspondence)
- Amenorrhea, functional, differentiation of early pregnancy from (Bone, Mendel, and Haberman), 276 (Abst.)
- prolonged, following medroxyprogesterone (Rubin), 1092 (Comm. in brief)
- American Association of Obstetricians and Gynecologists Fifth Annual James W. Kennedy Memorial Travel Fellowship, 282 (Item)
- American Association of Obstetricians and Gynecologists—Cont'd
- Transactions of Seventy-fourth Annual Meeting, 845-962, 985-1089
- American Board of Obstetrics and Gynecology, 282 (Item)
- Part II Examination, 704 (Item)
- Amino acid excretion during pregnancy (Armstrong and Yates), 381
- Ammonium chloride medication, examination of estrogen levels in patients receiving (Krabisch and Seidel), 842 (Abst.)
- Amnesic and anesthetic drugs, effect on the newborn (Wearing and Love), 298
- Amniocentesis, abdominal, diagnostic (Goodlin), 1090 (Comm. in brief)
- Amnion, glucose concentration gradients across maternal surface, placenta, and, of rhesus monkey (Battaglia et al.), 32
- Amniotic fluid, 58-67
- and fetal distress, oxygen tension in (Vasicka and Hutchinson), 530
- of rat and guinea pig near term, protein dynamics in (Marsh, Becker, and King), 58
- surface tension of (Enhörning), 519
- Anabolic effects of pituitary growth hormone, human placental lactogen (HPL), trophoblastic hormone synergizing with chorionic gonadotropin and potentiating the (Josimovich and Atwood), 867
- Anal abnormalities, thalidomide and (Ives), 563 (Abst.)
- Analgesic agent during labor, evaluation of phenazocine with meperidine as, by double blind method (Olson and Riva), 601
- amnesic, and anesthetic drugs on newborn, effect of (Wearing and Love), 298
- Anaplasia (dysplasia) to carcinoma in situ, cytologic findings in progression of, progress report (Lerch et al.), 559 (Abst.)
- Anatomy of female pelvic and aortic lymphatic systems demonstrated by lymphangiography (Nelson et al.), 460
- Androgenic ovary, with special reference to Stein-Leventhal syndrome (Jeffcoate), 143
- Anemia, myoma, so-called, contribution on cause of (Rothe, Bilek, and Piskazek), 842 (Abst.)
- in newborn monozygotic twin girls, polycythemia and (Littlewood), 562 (Abst.)
- Anesthetic drugs on newborn, effect of analgesic, amnesic, and (Wearing and Love), 298
- Antepartum hemorrhage, decidual cast as cause of (O'Leary and O'Leary), 1093 (Comm. in brief)
- epidemiology of (Paintin), 838 (Abst.)
- Antibiotics, effects of certain, on normal postpartum intrauterine bacteriologic flora (Wierdsma and Clayton), 541
- Antibodies to trophoblast post partum and toxemia (Sophian), 280; reply (Hulka), 281 (Correspondence)
- Antigen, sperm, absorption of, from vagina in guinea pigs (Isojima and Ashitaka), 433
- Aortic lymphatic systems demonstrated by lymphangiography, anatomy of female pelvic and (Nelson et al.), 460
- Artery, umbilical, single, and congenital malformations (Fujikura), 829 (Comm. in brief)
- Ascorbic acid deficiency and premature rupture of fetal membranes (Wideman, Baird, and Bolding), 592

January 1, pp. 1-142; January 15, pp. 143-282; February 1, pp. 283-424; February 15, pp. 425-564; March 1, pp. 565-704; March 15, pp. 705-844; April 1, pp. 845-984; April 15, pp. 985-1128.

- Asphyxiated newborn infants, normal and, oxygen and lactate levels in umbilical vein blood of (Vedra), 802
Astronauts, women, selection program, prospective (Betson and Secrest), 421 (Pertinent comments)
Atlas of ultrastructure (Rhodin), 270 (B. rev.)
Audioanalgesia in obstetrics (Burt and Korn), 361

B

- Bacteriologic flora, effects of certain antibiotics on normal postpartum intrauterine (Wierdsma and Clayton), 541
Basal cell carcinoma of cervix uteri, squamous and adenoid cystic (Moss and Collins), 86
Benign and malignant endometrial changes, reversal of, with Clomiphene (Wall, Franklin, and Kaufman), 1072
Bicarbonate concentrations, pH, PCO₂, and, of peripheral venous blood, effects of pregnancy on (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)
Bilirubin, serum, conjugated, in erythroblastosis fetalis, analysis of 38 cases (Harris et al.), 840 (Abst.)
Biopsy, renal, clinical and pathological significance of (Wolstenholme and Cameron, editors), 557 (B. rev.)
Bleeding, uterine, fibrin in endometrial stroma, its relation to (Picoff and Luginbuhl), 642
Block, continuous paracervical (Baggish), 968 (Current investigation)
paracervical (Pitkin), 278; reply (Nyirjesy), 279 (Correspondence)
Blood, vein, umbilical, of normal and asphyxiated newborn infants, oxygen and lactate levels in (Vedra), 802
venous, peripheral, effects of pregnancy on pH, PCO₂, and bicarbonate concentrations of (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)
volume adjustment to shock in dogs (Doberneck, Johnson, and Hardaway), 561 (Abst.)
changes in, during parturition and early postpartum period (Osofsky and Williams), 397
in pregnancy and puerperium. I. Whole body and large vessel hematocrits in pregnant and non-pregnant women (Pritchard and Rowland), 391
in pregnancy, parturition, and puerperium, 391-398
Bloods, cord for abnormal hemoglobin, survey of, with further observations on hemoglobin I^{Burlington} (O'Brien, Gray, and Jacobs), 816
Body fat content, fetal, free fatty acid concentration in plasma of mothers with diabetes and (Mueller, Solomon, and Brown), 196
Book reviews, 270-271, 1102-1106
Books received for review, 272-273
Bovine placenta, postterm, histology of (Holm, Salvatore, and Zeek-Minning), 479
Bowel obstruction, partial endometriosis and (Ulfelder and Pratt), 978 (Clinical problems)
Breech presentation, reduction of hazards of, by external cephalic version (Macarthur), 302

C

- Canada, Society of Obstetricians and Gynaecologists of, Transactions of Nineteenth Annual Meeting, 283-374
Cancer (*see also* carcinoma)
of cervix, 443-459
cytology in prevention of (Grant), 563 (Abst.)
corpus, therapeutic decisions in (Gusberg and Yannopoulos), 157
diagnosis, treatment, and prognosis (Ackerman and Del Regato), 1102 (B. rev.)
gynecological, chemotherapy of, experiences and experimental results in (Limburg and Krahe), 839 (Abst.)

Cancer—Cont'd

- serum lipid partitions and fatty acid composition (using gas chromatography) in (de Alvarez and Goodell), 1039
ovarian, cytologic detection of (Rubin and Frost), 559 (Abst.)
small cell, of cervix (Field, Dockerty, and Symmonds), 447
of uterus (Sirtori and Morano), 1103 (B. rev.)
Carbohydrate metabolism, disturbances in, in abnormal pregnancy (Roszkowski and Janczewska), 207
Carbon dioxide tension gradients, oxygen, and, in human placenta at term (Wulf), 38
transfer, oxygen and, across rhesus monkey placenta (Hellegers et al.), 22
Carcinoma (*see also* cancer)
of cervix, 82-96
in British Columbia, influence of cytological screening program upon incidence of invasive squamous cell (Bryans, Boyes, and Fidler), 898
complications following radiation therapy and their treatment (Kottmeier), 854
detection in general population (MacGregor and Baird), 563 (Abst.)
early diagnosis of (Way), 272 (B. rev.)
successful pregnancy after radiation therapy for (Whelton and McSweeney), 443
treated with 5-fluorouracil, preliminary observations on (Malkasian et al.), 82
treating as disease (Ross and Shingleton), 307
uteri, squamous and adenoid cystic basal cell (Moss and Collins), 86
of corpus uteri (Davis), 163
endometrial, treatment of, reassessed (Beck, Latour, and Bourne), 178
of endometrium, 157-183, 730-732
and normal menopause, day-to-day variation in LH excretion in (Yahia, Taymor, and Buytendorp), 730
treated by radium and operation, analysis of series of cases of (Renning and Javert), 171
of fundus, vaginal hysterectomy for (Pratt, Symmonds, and Welch), 1063
in general population, detection of cervical (MacGregor and Baird), 563 (Abst.)
in situ, cytologic findings in progression of anaplasia (dysplasia) to, progress report (Lerch et al.), 559 (Abst.)
squamous cell, of endometrial cavity (Kairys, Dougherty, and Mickal), 548 (Comm. in brief)
pelvic lymphnodectomy following radiation in cervical (Morton et al.), 932
theca cell tumor of ovary with endometrial (Khanna, Seth, and Banerjee), 552 (Comm. in brief)
of uterine cervix, endometrium, and ovary (University of Texas and M.D. Anderson Hospital and Tumor Institute), 1102 (B. rev.)
Cast, decidual, as cause of antepartum hemorrhage (O'Leary and O'Leary), 1093 (Comm. in brief)
Catabolism, purine nucleotide, in placenta (Hayashi et al.), 470
Cells, epithelial, human cervical, ultrastructure of, during pregnancy (Chapman et al.), 3
Cephalic version, external, reduction of hazards of breech presentation by (Macarthur), 302
Cervical carcinoma in general population, detection of (MacGregor and Baird), 563 (Abst.)
pelvic lymphnodectomy following radiation in (Morton et al.), 932
dyskaryosis, clinical significance of (Williamson et al.), 1029
epithelial cells, human, ultrastructure of, during pregnancy (Chapman et al.), 3
epithelium, pure, in vitro, growth of (Richart), 705

Cervical—Cont'd

- mucus, in vivo survival of spermatozoa in (Perloff and Steinberger), 439
- test, new, for hormone appraisal (McSweeney and Sbarra), 705
- Cervix, 705-714
 - adenoma of, mesonephric adenocarcinoma and (Tóth, Csömör, and Mészáros), 452
 - cancer of, 443-459
 - cytology in prevention of (Grant), 563 (Abst.)
 - carcinoma of, early, diagnosis of (Way), 272 (B. rev.)
 - successful pregnancy after radiation therapy for (Whelton and McSweeney), 443
 - treated with 5-fluorouracil, preliminary observations on (Malkasian et al.), 82
 - treating as disease (Ross and Shingleton), 307
 - complications following radiation therapy for carcinoma of, and their treatment (Kottmeier), 854
 - conization of (Doran and Shier), 367
 - experimental study of relationship between Trichomonas vaginalis and dysplasia in uterine (Patten, Hughes, and Reagan), 559 (Abst.)
 - incompetent, during pregnancy, surgical treatment of (Tsoutsouloupoulos and Papathanassiou), 553 (Comm. in brief)
 - influence of cytological screening program in British Columbia upon incidence of invasive squamous cell carcinoma of (Bryans, Boyes, and Fidler), 898
 - in pregnancy, 3-21
 - small cell cancer of (Field, Dockerty, and Symmonds), 447
- Cesarean section, placental exchange of respiratory gases in pregnant women at, observations on (Stenger et al.), 45
 - previous, on frequency of obstetrical operation for vaginal delivery following (Warm), 842 (Abst.)
 - respiratory distress syndrome in infants delivered by (Usher, McLean, and Maughan), 806
- Chemical induction of ovulation, clinical utility of (Vorys et al.), 425
- Chemotherapeutic agents, ionizing irradiation and, effects on human chromosomes (Moore, Van Campenhout, and Brandkamp), 985
- Chemotherapy of gynecological cancer, experiences and experimental results in (Limburg and Krahe), 839 (Abst.)
- Chiari-Frommel syndrome (Haskins, Meszkowski, and Cohen), 667
- Chloride, ammonium, medication, examination of estrogen levels in patients receiving (Krabisch and Seidel), 842 (Abst.)
- Chloroquin in pregnancy with serological incompatibility (Martius and Allwein), 842 (Abst.)
- Chorioadenoma destruens (Spademan and Tuttle), 549 (Comm. in brief)
- Choriocarcinoma, 618-641
 - early diagnosis, importance of (Acosta-Sison), 274 (Abst.)
 - and endocrine implications, ultrastructure of transplanted (Wynn and Davies), 618
 - extrauterine tubal (Riggs et al.), 637
 - studies in, from 88 patients admitted to the Philippine General Hospital from 1950-1961 (Acosta-Sison), 840 (Abst.)
- Chorionic gonadotrophin, effect of human pituitary-follicle-stimulating hormone and, in Stein-Leventhal syndrome (Crooke et al.), 562
 - and potentiating the anabolic effects of pituitary growth hormone, human placental lactogen (HPL), trophoblastic hormone synergizing with (Josimovich and Atwood), 867
- villi of normal human placenta, electronmicroscopic observation on (Wakitani), 837 (Abst.)
- Chromatography, gas, for determination of serum lipid partitions and fatty acid composition in gynecological cancer (de Alvarez and Goodell), 1039
- Chromium-51 tagged maternal erythrocytes from mother to fetus, transmission of (Zarou, Lichtman, and Hellman), 565
- Chromosomes, human, effects of ionizing irradiation and chemotherapeutic agents on (Moore, Van Campenhout, and Brandkamp), 985
- Cigarette smoking, mother's, and survival of infant (Yerushalmy), 505
- Clinical and experimental hypnosis in medicine, dentistry, and psychology (Kroger), 1103 (B. rev.)
 - and pathological significance of renal biopsy (Wolstenholme and Cameron, editors), 557 (B. rev.)
- problems, 972-981
- Clitoridectomy in management of female pseudohermaphroditism, alternative to (Lucas and Leberherz), 546 (Comm. in brief)
- Clomiphene, reversal of benign and malignant endometrial changes with (Wall, Franklin, and Kaufman), 1072
- Communications in brief, 128-137, 545-555, 828-835, 1090-1095
- Complicated pregnancies, maternal acid-base status and neonatal respiratory distress in normal and (Levison et al.), 795
- Complications following radiation therapy in carcinoma of cervix and treatment (Kottmeier), 854
- Conduct of labor, 601-611
- Confinements in over 35 years age group (Mitchell), 336
- Congenital abnormalities in infancy (Norman), 271 (B. rev.)
- heart block (Gochberg), 238
 - malformations, human, clinical investigations on etiology of (Krone), 836 (Abst.)
 - single umbilical artery and (Fujikura), 829 (Comm. in brief)
- Conization of cervix (Doran and Shier), 367
- Conjugated serum bilirubin in erythroblastosis fetal, analysis of 38 cases (Harris et al.), 840 (Abst.)
- Contractility, myometrial, labor, 737-773
 - uterine, human, in vitro and in vivo effects of Sparine (promazine hydrochloride) on (Zourlas), 770
 - intrauterine fetus, and infant, effects of magnesium sulfate on (Hutchinson et al.), 747
- Cord bloods for abnormal hemoglobin, survey of, with further observations on hemoglobin I^{Burlington} (O'Brien, Gray, and Jacobs), 816
- Corpus cancer, therapeutic decisions in (Gusberg and Yannopoulos), 157
 - uteri, carcinoma of (Davis), 163
- Correspondence, 277-281, 982-983, 1096-1101
- Corticosteroids in medical practice (Brandon), 271 (B. rev.)
- Cranial osteomyelitis as complication of vacuum extractor (Geeling and Möbius), 843 (Abst.)
- Criminal abortion, soap intoxication following (Janovski, Weiner, and Ober), 839 (Abst.)
- Crossen's synopsis of gynecology (Beacham and Beacham), 1104 (B. rev.)
- Cryosurgery of uterus: Description of technique and potential application (Cahan), 410 (Current investigation)
- Curettement, postpartum, for hypertension (Robinson, Schelin, and Fort), 788
- Current investigation, 410-420, 963-971, 1086-1089
 - opinion, 695-703
- Cystic basal cell carcinoma of cervix uteri, squamous and adenoid (Moss and Collins), 86
 - or diseased adnexal tissue, torsion of (McGowan), 135 (Comm. in brief)
- 1-Cystine-aminopeptidase, studies on, biochemical aspect and clinical observations (Hashimoto), 837 (Abst.)
- Cytologic detection of ovarian cancer (Rubin and Frost), 559 (Abst.)
 - findings in progression of anaplasia (dysplasia) to carcinoma in situ, progress report (Lerch et al.), 559 (Abst.)

- Cytological screening program, influence upon incidence of invasive squamous cell carcinoma of cervix in British Columbia (Bryans, Boyes, and Fidler), 898
Cytology in prevention of cancer of cervix (Grant), 563 (Abst.)

D

- Das krebsproblem (Bauer), 557 (B. rev.)
Decidual cast as cause of antepartum hemorrhage (O'Leary and O'Leary), 1093 (Comm. in brief)
Defects, filling, in hystrogram simulating intrauterine synechiae which disappear after denervation (Zondek and Rozin), 123
Delivery, nonesterified fatty acids during late pregnancy and at (Kontinen and Pyörälä), 277 (Correspondence)
vaginal and abdominal, neonatal albuminuria following (Glass), 242
following previous cesarean section, on frequency of obstetrical operation for (Warm), 842 (Abst.)
Demonstrable urinary incontinence, clinical characteristics of patients with (Low), 322
Denervation, filling defects in hystrogram simulating intrauterine synechiae which disappear after (Zondek and Rozin), 123
Dentistry, and psychology, medicine, clinical and experimental hypnosis in (Kroger), 1103 (B. rev.)
Destruens, choriadenoma (Spademan and Tuttle), 549 (Comm. in brief)
Detection of ovarian cancer, cytologic (Rubin and Frost), 559 (Abst.)
Diabetes, mothers with, free fatty acid concentration in plasma of, and fetal body fat content (Mueller, Solomon, and Brown), 196
Diabetic mothers, infants of (Gordon), 561 (Abst.)
Diagnosis of choriocarcinoma, early, importance of (Acosta-Sison), 274 (Abst.)
of early carcinoma of cervix (Way), 272 (B. rev.)
pregnancy, by one-stage passive hemagglutination inhibition method (Fulthorpe et al.), 562 (Abst.)
treatment and prognosis of cancer (Ackerman and Del Regato), 1102 (B. rev.)
Diagnostic abdominal amniocentesis (Goodlin), 1090 (Comm. in brief)
procedures, 97-127, 460-469
Disease, Rh-D hemolytic, in Negro and white infants (Molthan), 274 (Abst.)
Distress, fetal, 795-815
respiratory, neonatal, in normal and complicated pregnancies, maternal acid-base status and (Levison et al.), 795
syndrome in infants delivered by cesarean section (Usher, McLean, and Maughan), 806
Documenta Giegy: Scientific Tables (Diem), 272 (B. rev.)
Dogs, shock in, blood volume adjustment to (Doberneck, Johnson, and Hardaway), 561 (Abst.)
Double blind method, evaluation of phenazocine with meperidine as analgesic agent during labor by (Olson and Riva), 601
Drugs, effect of analgesic, amnesic, and anesthetic on newborn (Wearing and Love), 298
Dyskaryosis, cervical, clinical significance of (Williamson et al.), 1029
Dysplasia in uterine cervix, experimental study of relationship between *Trichomonas vaginalis* and (Patten, Hughes, and Reagan), 559 (Abst.)

E

- Eclampsia and pre-eclampsia in pregnancy (Roulet, editor), 556 (B. rev.)
and toxemia of pregnancy, placental serotonin in (Patel and Dass), 838 (Abst.)
Ectopic pregnancy, 596-600
Editorial, 1

- Einführung in die kolposkopie (Ganse), 1104 (B. rev.)
Electrocardiogram, fetal, variation in (Teteris), 982; reply (Caughey), 983 (Correspondence)
Electrolyte content and distribution in human myometrium. I. Postmenopausal age group (Cibils and Schweid), 715
Electronmicroscopic observation on the chorionic villi of normal human placenta (Wakitani), 837 (Abst.)
Embryology, medical, in normal and abnormal human development (Langman), 1106 (B. rev.)
and pathology, borderland of (Willis), 271 (B. rev.)
Emphysematosa, vaginitis, etiology of (Gardner and Fernet), 680
Endocrine implications, ultrastructure of transplanted choriocarcinoma and its (Wynn and Davies), 618
Endocrinology, 143-156, 667-676
and fertility, 425-442
Endometrial carcinoma, theca cell tumor of ovary with (Khanna, Seth, and Banerjee), 532 (Comm. in brief)
treatment of, reassessed (Beck, Latour, and Bourne), 178
cavity, squamous cell carcinoma in situ of (Kairys, Dougherty, and Mickal), 548 (Comm. in brief)
changes, benign and malignant, reversal, with Clomiphene (Wall, Franklin, and Kaufman), 1072
stroma, fibrin in, its relation to uterine bleeding (Picoff and Luginbuhl), 642
Endometriosis and partial bowel obstruction (Ulfelder and Pratt), 978 (Clinical problems)
Endometrium, 642-666
carcinoma of, 157-183, 730-732
and normal menopause, day-to-day variation in LH excretion in (Yahia, Taymor, and Buytendorp), 730
treated by radium and operation, analysis of series of cases of (Renning and Javert), 171
histochemistry of normal and abnormal (Gross), 647
and ovary, uterine cervix, carcinoma of (University of Texas and M. D. Anderson Hospital and Tumor Institute), 1102 (B. rev.)
uterine peroxidase activity in human (Lucas et al.), 965 (Current investigation)
Enovid, effect of pregnancy and of, on rabbit vasculature (Danforth, Manalo-Estrella, and Buckingham), 952
Entanglements, maligned umbilical cord (Dippel), 1012
Environment of rooming-in maternity, microbiological (McElin, Harding, and Blandin), 907
Environmental, fetal, maternal, and, factors in prematurity, 918
Enzymatic therapy (Bushnell), 1096; reply (Glick), 1097 (Correspondence)
Episiotomy, muscle relaxants in rectal involvement and episiotomy (Dodek), 1098 (Correspondence)
Epithelial cells, human, cervical, ultrastructure of, during pregnancy (Chapman et al.), 3
Epithelium, cervical, pure, in vitro, growth of (Richart), 710
Ergot, obstetrical use of, violation of doctrine "primum non nocere" (Ringrose), 564 (Abst.)
Erythematosus, lupus, systemic, effect of pregnancy on course of (Mund, Simson, and Rothfield), 837 (Abst.)
Erythroblastosis fetalis, conjugated serum bilirubin in, analysis of 38 cases (Harris et al.), 840 (Abst.)
nephropathy in pregnancy in relation to (Dordelmann and Ohnsorge), 842 (Abst.)
Erythrocytes, transmission of chromium-51 tagged maternal, from mother to fetus (Zarou, Lichtman, and Hellman), 565
Estradiol 17 β , action of, on activity of pregnant human uterus (Pinto et al.), 759
Estril in pregnancy urine, method for assay of (Klopper and Wilson), 838 (Abst.)

Estriol—Cont'd

- urinary, in pregnant women, simple gas chromatographic method for estimation of (Yousem), 375
- Estrogen excretion as index of placental function (Greene, Touchstone, and Fields), 561 (Abst.)
- levels in patients receiving ammonium chloride medication, examination of (Krabisch and Seidel), 842 (Abst.)
- Exchange, placental, of respiratory gases in pregnant woman at cesarean section, observations on (Stenger et al.), 45
- transfusion, mortality and morbidity of (Taylor), 564 (Abst.)
- Experimental, clinical and, hypnosis in medicine, dentistry, and psychology (Kroger), 1103 (B. rev.)
- toxemia of pregnancy, tissue metabolism in (Goldstein, Hochstein, and McKay), 791
- Exposure of ureter, total hysterectomy with (Cabaniss and Gill), 733
- Extractor, vacuum, cranial osteomyelitis as complication of (Geeling and Möbius), 843 (Abst.)
- Extraperitoneal ligation of internal iliac arteries as life- and uterus-saving procedure for uncontrollable postpartum hemorrhage (Shinagawa), 131 (Comm. in brief)
- Extrauterine tubal choriocarcinoma (Riggs et al.), 637

F

- Factors affecting fetus, 505-540
- Fat content, fetal body, free fatty acid concentration in plasma of mothers with diabetes and (Mueller, Solomon, and Brown), 196
- Fatty acid composition of plasma lipid fractions in early puerperium (Leake, Burt, and Dannenburg), 190
- serum lipid partitions and (using gas chromatography), in gynecological cancer (de Alvarez and Goodell), 1039
- concentration, free, in plasma of mothers with diabetes and fetal body fat content (Mueller, Solomon, and Brown), 196
- acids, nonesterified, during late pregnancy and at delivery (Kontinen and Pyörälä), 277 (Correspondence)
- Fertility, endocrinology and, 425-442
- Fetal body fat content, free fatty acid concentration in plasma of mothers with diabetes and (Mueller, Solomon, and Brown), 196
- distress, 795-815
 - oxygen tension in amniotic fluid and (Vasicka and Hutchinson), 530
- electrocardiogram, variation in (Teteris), 982; reply (Caughy), 983 (Correspondence)
- and environmental, maternal, factors in prematurity (Donnelly et al.), 918
- hemoglobin, 816-827
 - oxygen capacity of (Kirschbaum), 823
- maceration, analysis of 53 human stillborn infants (Shanklin), 224
 - experimental sequence in rabbit (Shanklin, Cimino, and Lamb), 213
- membranes, 592-595
 - premature rupture of, and ascorbic acid deficiency (Wideman, Baird, and Bolding), 572
 - rupturing, new instrument for (Deming), 136 (Comm. in brief)
- sex, diagnosis of, in sex-linked hereditary disorder (Serr and Margolis), 230
- weight and membrane tensile strength (Polishuk, Kohane, and Hadar), 247
- Fetomaternal transfer of I^{131} gamma globulin in rat (Quinlivan), 415 (Current investigation)
- Fetus, associated with hydatid mole—case report with (Cabaniss and Clark), 832 (Comm. in brief)
- factors affecting, 505-540
- intrauterine, and infant, effects of magnesium sulfate on uterine contractility (Hutchinson et al.), 747

Fetus—Cont'd

- and newborn, 213-246
 - transmission of chromium-51 tagged maternal erythrocytes from mother to (Zarou, Lichtman, and Hellman), 565
- Fibrin in endometrial stroma: its relation to uterine bleeding (Picoff and Luginbuhl), 642
- Fistula, vitellointestinal (Austin), 830 (Comm. in brief)
- Flora, effects of certain antibiotics on normal intrauterine bacteriologic (Wierdsma and Clayton), 541
- 5-Fluorouracil, carcinoma of cervix treated with, preliminary observations on (Mallasi et al.), 82
- Fractionation, protein, serum, in toxemia of pregnancy (de Alvarez and Afonso), 774
- Frau und frauenheilkunde in der kultur des mittelalters (Diepgen), 1105 (B. rev.)
- Frauenheilkunde, frau und, in der kultur des mittelalters (Diepgen), 1105 (B. rev.)
- Free fatty acid concentration in plasma of mothers with diabetes and fetal body fat content (Mueller, Solomon, and Brown), 196
- Fundus, carcinoma of, vaginal hysterectomy for (Pratt, Symmonds, and Welch), 1063

G

- Gamma globulin, I^{131} , fetomaternal transfer of, in rat (Quinlivan), 415 (Current investigation)
- Gas chromatographic method for estimation of urinary estriol in pregnant women, simple (Yousem), 375
- chromatography for determination of serum lipid partitions and fatty acid composition in gynecological cancer (de Alvarez and Goodell), 1039
- Gases, respiratory, exchange of, in pregnant woman at cesarean section, observations on (Stenger et al.), 45
- Glucose concentration gradients across maternal surface, placenta, and amnion of rhesus monkey (Battaglia et al.), 32
 - tolerance tests for diagnosis of "prediabetes" in puerperium, evaluation of oral and intravenous (Love, Stevenson, and Kinch), 283
- Glycemia profile, daily, in pregnancy (Roszkowski and Janczewska), 204
- Glycogen, evidence that vaginal lactobacilli do not ferment (Stewart-Tull), 676
- Gonadotrophin, chorionic, effect of human pituitary-follicle-stimulating hormone and, in Stein-Leventhal syndrome (Crooke et al.), 562
- Gradients, glucose concentration, across maternal surface, placenta, and amnion of rhesus monkey (Battaglia et al.), 32
 - oxygen and carbon dioxide tension, in human placenta at term (Wulf), 38
- Graduate training program at the University of Nebraska School of Medicine, 282 (Item)
- Guinea pig, newborn, adverse effects of maternal hypocapnea on (Morishima et al.), 524
- pigs, absorption of sperm antigen from vagina in (Isojima and Ashtaka), 433
 - toxemia-susceptible strain, placental permeability in (Rogers, Klein, and Blumenthal), 495
- Gynecologic(al) cancer, chemotherapy of, experiences and experimental results in (Limburg and Krahe), 839 (Abst.)
 - serum lipid partitions and fatty acid composition (using gas chromatography) in (de Alvarez and Goodell), 1039
- instrument, new (Sieglar and Hellman), 550 (Comm. in brief)
- malignancy, use of radioisotope renogram in follow-up of treated (Roddick, Gerbie, and Flanagan), 97
- pathology (Haines and Taylor), 1105 (B. rev.)
- tumor clinic, impact of (Ullery and Holzaepfel), 1020

Gynecological—Cont'd

- Gynecology, Crossen's synopsis of (Beacham and Beacham), 1104 (B. rev.)
obstetrics and, renogram in (West and Nordyke), 275 (Abst.)

H

- Hamartoma of kidney in pregnancy, massive retroperitoneal hemorrhage from spontaneous rupture of (Kiser, McGannon, and Sinclair), 545 (Comm. in brief)
Hazards of paracervical block (Gomez), 1099; reply (Nyirjesy), 1100 (Correspondence)
Heart block, congenital (Gochberg), 238
Hemagglutination inhibition method, pregnancy diagnosis by one-stage passive (Fulthorpe et al.), 562 (Abst.)
Hematocrits in pregnant and nonpregnant women, whole body and large vessel, blood volume changes during pregnancy and puerperium (Pritchard and Rowland), 391
Hematology, maternal and neonatal, vaginal microbiology and, effect of metronidazole on (Kotcher, Frick, and Giesel), 184
Hemoglobin, abnormal, survey of cord bloods for, with further observations on hemoglobin I^{Burlington} (O'Brien, Gray, and Jacobs), 816
fetal, 816-827
oxygen capacity of (Kirschbaum), 823
I^{Burlington}, survey of cord bloods for abnormal hemoglobin, with further observations on (O'Brien, Gray, and Jacobs), 816
Hemolytic disease, Rh-D, in Negro and white infants (Molthan), 274 (Abst.)
Hemorrhage, antepartum, decidual cast as cause of (O'Leary and O'Leary), 1093 (Comm. in brief)
epidemiology of (Paintin), 838 (Abst.)
delayed postpartum (Gorodovsky, Florek, and Wulff), 612
massive retroperitoneal, from spontaneous rupture of hamartoma of kidney in pregnancy (Kiser, McGannon, and Sinclair), 545 (Comm. in brief)
uncontrollable postpartum, extraperitoneal ligation of internal iliac arteries as life- and uterus-saving procedure in (Shinagawa), 130 (Comm. in brief)
Hereditary disorder, sex-linked, diagnosis of fetal sex in (Serr and Margolis), 230
Histochemical and lipid studies on human and rat placentas (Helmy and Hack), 578
study of 17-ketosteroids in ovaries of women suffering from Stein-Leventhal syndrome (Dokumov and Dashev), 671
Histochemistry of normal and abnormal endometrium (Gross), 647
Histology of postterm bovine placenta (Holm, Salvatore, and Zeek-Minning), 479
Hormone appraisal, new cervical mucus test for (McSweeney and Sbarra), 705
human pituitary-follicle-stimulating, and chorionic gonadotrophin in Stein-Leventhal syndrome, effect of (Crooke et al.), 562 (Abst.)
secretion, hypophysial luteinizing, recent studies in regulation of (McCann), 560 (Abst.)
synergizing with chorionic gonadotropin and potentiating the anabolic effects of pituitary growth hormone, human placental lactogen (HPL), trophoblastic (Josimovich and Atwood), 867
Horn of uterus, pregnancy in rudimentary, diagnosed before operation (Naor), 131 (Comm. in brief)
Human chromosomes, effects of ionizing irradiation and chemotherapeutic agents on (Moore, Van Campenhout, and Brandkamp), 985
congenital malformations, clinical investigations on etiology of (Krone), 836 (Abst.)
intersex (Ashley), 556 (B. rev.)

Human—Cont'd

- myometrium, electrolyte content and distribution in, in postmenopausal age group (Cibils and Schweid), 715
pituitary-follicle-stimulating hormone and chorionic gonadotrophin in Stein-Leventhal syndrome, effect of (Crooke et al.), 562 (Abst.)
placental lactogen (HPL), trophoblastic hormone synergizing with chorionic gonadotropin and potentiating anabolic effects of pituitary growth hormone (Josimovich and Atwood), 867
uterine contractility, in vitro and in vivo effects of Sparine (promazine hydrochloride) on (Zourlas), 770
uterus, pregnant, action of estradiol 17 β on activity of (Pinto et al.), 759
Hydatid mole—case report with associated fetus (Cabaniss and Clark), 832 (Comm. in brief)
Hydatidiform mole, changing attitudes in management of (Acosta-Sison), 634
metastasizing (Leeder), 833 (Comm. in brief)
Hydramnios (Murray), 65
Hypertension, postpartum curettement for (Robinson, Schelin, and Fort), 788
Hypnosis, clinical and experimental, in medicine, dentistry, and psychology (Kroger), 1103 (B. rev.)
Hypocapnea, maternal, adverse effects on newborn guinea pig (Morishima et al.), 524
Hypophysial luteinizing hormone secretion, recent studies in regulation of (McCann), 560 (Abst.)
Hysterectomy, total, with exposure of ureter (Cabaniss and Gill), 733
vaginal, for carcinoma of fundus (Pratt, Symmonds, and Welch), 1063
Hystrogram simulating intrauterine synechiae which disappear after denervation, filling defects in (Zondek and Rozin), 123

I

- I³³¹ gamma globulin, fetomaternal transfer of, in rat (Quinli-van), 415 (Current investigation)
Idiopathic jaundice of pregnancy (Fast and Roulston), 314
Incompatibility, serological, chloroquin in pregnancy with (Martius and Allwein), 842 (Abst.)
Incompetent cervix during pregnancy, surgical treatment of (Tsoutsouloupoulos and Papathanassiou), 553 (Comm. in brief)
Incontinence, demonstrable urinary, clinical characteristics of patients with (Low), 322
urinary, treatment of, in debilitated patients by sutureless urethrocystopexy (Gallo), 275 (Abst.)
Induction of ovulation, chemical, utility of (Vorys et al.), 425
Infancy, congenital abnormalities in (Norman), 271 (B. rev.)
Infant, effects of magnesium sulfate on uterine contractility, intrauterine fetus, and (Hutchinson et al.), 747
mother's cigarette smoking and survival of (Yerushalmy), 505
Infants delivered by cesarean section, respiratory distress syndrome in (Usher, McLean, and Maughan), 806
of diabetic mothers (Gordon), 561 (Abst.)
53 human stillborn, analysis of fetal maceration (Shanklin), 224
Negro and white, Rh-D hemolytic disease in (Molthan), 274 (Abst.)
newborn, normal and asphyxiated, oxygen and lactate levels in umbilical vein blood of (Vedra), 802
Infections, virus, in pregnancy (Corston and Mirchandani), 291
Inflammation, pelvic, 721-729
Inhibition method, pregnancy diagnosis by one-stage passive hemagglutination (Fulthorpe et al.), 562 (Abst.)
Instrument, new gynecological (Siegler and Hellman), 550 (Comm. in brief)

- Insufflation, tubal, direct writing thermal kymograph, improved machine for (Birnberg, Burnhill, and Marco), 134 (Comm. in brief)
- Internal iliac arteries, extraperitoneal ligation of, as life- and uterus-saving procedure in uncontrollable postpartum hemorrhage (Shinagawa), 130 (Comm. in brief)
- pelvic lymphography (Pattilo, Foley, and Mattingly), 110
- Intersex, human (Ashley), 556 (B. rev.)
- Interstitial pregnancy (Skulj et al.), 596
- Intervillous space, oxygen tension in (Quilligan and Cibils), 572
- Intramural tubenastomosis (Ehrler), 842 (Abst.)
- Intrauterine bacteriologic flora, effects of certain antibiotics on, normal postpartum (Wierdsma and Clayton), 541
- devices, sperm migration in female reproductive tract in presence of (Malkani and Suján), 963 (Current investigation)
- fetus, and infant, effects of magnesium sulfate on uterine contractility (Hutchinson et al.), 747
- synechiae, filling defects in hystrogram simulating, which disappear after denervation (Zondek and Rozin), 123
- Invasive squamous cell carcinoma of cervix in British Columbia, influence of cytological screening program upon incidence of (Bryans, Boyes, and Fidler), 898
- Ionizing irradiation and chemotherapeutic agents, effects on human chromosomes (Moore, Van Campenhout, and Brandkamp), 985
- Irradiation, ionizing, and chemotherapeutic agents, effects on human chromosomes (Moore, Van Campenhout, and Brandkamp), 985
- pelvic, deferred sequelae incident to (Smith), 91
- Items, 282, 424, 704, 844, 984

J

- James W. Kennedy Memorial Travel Fellowship, fifth annual, American Association of Obstetricians and Gynecologists, 282 (Item)
- Jaundice of pregnancy, idiopathic (Fast and Roulston), 314
- Journals, medical, needed for coast region general hospital in Mombasa, Africa, 282 (Item)

K

- 17-Ketosteroids, histochemical study of, in ovaries of women suffering from Stein-Leventhal syndrome (Dokumov and Dashev), 671
- Kidney in pregnancy, massive retroperitoneal hemorrhage from spontaneous rupture of hamartoma of (Kiser, McGannon, and Sinclair), 545 (Comm. in brief)
- Kolposkopie, einföhrung in (Ganse), 1104 (B. rev.)
- Krebsproblem, das (Bauer), 557 (B. rev.)
- Kultur des mittellalters, frau und frauenheilkunde in (Diepgen), 1105 (B. rev.)
- Kymograph, direct writing thermal, improved machine for tubal insufflation (Birnberg, Burnhill, and Marco), 134 (Comm. in brief)

L

- Labor, evaluation of phenazocine with meperidine as analgesic agent during, by double blind method (Olson and Riva), 601
- myometrial contractility, 737-773
- sparteine sulfate in (Filler, Filler, and Zinberg), 737
- Lactate levels, oxygen and, in umbilical vein blood of normal and asphyxiated newborn infants (Vedra), 802
- Lactobacilli, vaginal, do not ferment glycogen, evidence (Stewart-Tull), 676

- Lactogen, human placental (HPL), trophoblastic hormone synergizing with chorionic gonadotropin and potentiating anabolic effects of pituitary growth hormone (Josimovich and Atwood), 867
- LH excretion, variation in, day-to-day, in carcinoma of endometrium and normal menopause (Yahia, Taylor, and Buytendorp), 730
- Ligation, extraperitoneal, of internal iliac arteries as life- and uterus-saving procedure for uncontrollable postpartum hemorrhage (Shinagawa), 130 (Comm. in brief)
- of umbilical cord, new rubber tab for (Eisenstein and Roth), 1094 (Comm. in brief)
- Lipid fractions, plasma, fatty acid composition of, in early puerperium (Leake, Burt, and Dannenburg), 190
- partitions, serum, and fatty acid composition (using gas chromatography) in gynecological cancer (de Alvarez and Goodell), 1039
- studies on human and rat placentas, histochemical and (Helmy and Hack), 572
- Lupus erythematosus, systemic, effect of pregnancy on course of (Mund, Simson, and Rothfield), 837 (Abst.)
- Luteinizing hormone, hypophysial, secretion, recent studies in regulation of (McCann), 560 (Abst.)
- Luteomas, bilateral ovarian, with tubal pregnancy (Rachman and Tellem), 132 (Comm. in brief)
- of pregnancy (Greene, Holzwarth, and Roddick), 1001
- Lymphangiography, anatomy of female pelvic and aortic lymphatic systems demonstrated by (Nelson et al.), 460
- Lymphatic systems, aortic, demonstrated by lymphangiography, anatomy of female pelvic and (Nelson et al.), 460
- Lymphnodectomy, pelvic, following radiation in cervical carcinoma (Morton et al.), 932
- Lymphography, internal pelvic (Pattilo, Foley, and Mattingly), 110

M

- Maceration, fetal, analysis of 53 human stillborn infants (Shanklin), 224
- experimental sequence in rabbit (Shanklin, Cimino, and Lamb), 213
- Magnesium sulfate, effects of, on uterine contractility, intra-uterine fetus, and infant (Hutchinson et al.), 747
- Malformations, congenital, human, clinical investigations on etiology of (Krone), 836 (Abst.)
- single umbilical artery and (Fujikura), 829 (Comm. in brief)
- Malignancy, gynecologic, use of radioisotope renogram in follow-up of treated (Roddick, Gerbie, and Flanagan), 97
- Malignant endometrial changes, benign and, reversal of, with Clomiphene (Wall, Franklin, and Kaufman), 1072
- Maligned umbilical cord entanglements (Dippel), 1012
- Maternal acid-base status and neonatal respiratory distress in normal and complicated pregnancies (Levison et al.), 795
- erythrocytes, transmission of chromium-51 tagged, from mother to fetus (Zarou, Lichtman, and Hellman), 565
- fetal, and environmental factors in prematurity (Donnelly et al.), 918
- hypocapnea, adverse effects on newborn guinea pig (Morishima et al.), 524
- and neonatal hematology, vaginal microbiology and, effect of metronidazole on (Kotcher, Frick, and Giesel), 184
- obstetrical paralysis (Murray), 399
- physiology in pregnancy, 190-212
- surface, placenta, and amnion, glucose concentration gradients across, of rhesus monkey (Battaglia et al.), 32

- Maternity, microbiological environment in rooming-in (McElin, Harding, and Blandin), 907
- Medical complications of pregnancy, 399-409
embryology in normal and abnormal human development (Langman), 1106 (B. rev.)
journals needed for coast region general hospital in Mom-basa, Africa, 282 (Item)
- Medicine, dentistry, and psychology, clinical and exper-imental hypnosis in (Kroger), 1103 (B. rev.)
- Medroxyprogesterone, prolonged amenorrhea following (Rubin), 1092 (Comm. in brief)
- Membrane tensile strength, fetal weight and (Polishuk, Kohane, and Hadar), 247
- Membranes, fetal, new instrument for rupturing (Dem-ing), 136 (Comm. in brief)
premature rupture of, ascorbic acid deficiency and (Wideman, Baird, and Bolding), 592
rupture of, 247-255
premature spontaneous (Burchell), 251
- Menopause, normal, day-to-day variation in LH excretion in carcinoma of endometrium and (Yahia, Tay-mor, and Buytendorp), 730
- Menorrhagia, preclimacteric, causes of death in cases of (Randall et al.), 880
- Meperidine, phenazocine with, as analgesic agent during labor, evaluation of, by double blind method (Olson and Riva), 601
- Mesenteric vascular occlusion in late pregnancy (Cox), 128 (Comm. in brief)
- Mesonephric adenocarcinoma and adenoma of cervix (Tóth, Csömör, and Mészáros), 452
- Metabolism, carbohydrate, disturbances in, in abnormal pregnancy (Roszkowski and Janczewska), 207
tissue, in experimental toxemia of pregnancy (Goldstein, Hochstein, and McKay), 791
- Metastasizing hydatidiform mole (Leeder), 833 (Comm. in brief)
- Metronidazole, effect on vaginal microbiology and maternal and neonatal hematology (Kotcher, Frick, and Giesel), 184
- Microbiological environment of rooming-in maternity (McElin, Harding, and Blandin), 907
- Microbiology, vaginal, and maternal and neonatal hema-tology, effect of metronidazole on (Kotcher, Frick, and Giesel), 184
- Mittelalters, frau und frauenheilkunde in kultur des (Diep-gen), 1105 (B. rev.)
- Mole, hydatid—case report with associated fetus (Cabaniss and Clark), 832 (Comm. in brief)
hydatidiform, metastasizing (Leeder), 833 (Comm. in brief)
changing attitudes in management of (Acosta-Sison), 634
- Monoamine oxidase, placental, in normal and toxemic pa-tients (de Maria), 490
- Monozygotic twin girls, polycythemia and anemia in new-born (Littlewood), 562 (Abst.)
- Monster acardius parasiticus (Boronow and West), 233
- Morbidity of exchange transfusion, mortality and (Taylor), 564 (Abst.)
- Morphogenesis of syncytiotrophoblast in vivo (Midgley et al.), 841 (Abst.)
- Mortality and morbidity of exchange transfusion (Taylor), 564 (Abst.)
statistics, perinatal, some important factors in rural state (Ross), 342
- Mothers with diabetes, free fatty acid concentration in plasma of, and fetal body fat content (Mueller, Solomon, and Brown), 196
diabetic, infants of (Gordon), 561 (Abst.)
- Motility, uterine, in saline-induced abortions, quantitative analysis of (Wqvist and Eriksson), 75
- Mucus, cervical, in vivo survival of spermatozoa in (Perloff and Steinberger), 439

- Mucus—Cont'd
test, cervical, new, for hormone appraisal (McSweeney and Sbarra), 705
- Muscle relaxants in rectal involvement and episiotomy (Dodek), 1098 (Correspondence)
- Myasthenia gravis in pregnancy (Plauché), 404
- Myoma anemia, so-called, contribution on cause of (Rothe, Bilek, and Piskazek), 842 (Abst.)
- Myometrial contractility, labor, 737-773
contractions, 68-81
- Myometrium, 715-720
human, electrolyte content and distribution in, in post-menopausal age group (Cibils and Schweid), 715

N

- Neonatal albuminuria following vaginal and abdominal de-livery (Glass), 242
hematology, and maternal, vaginal microbiology and, ef-fect of metronidazole on (Kotcher, Frick, and Giesel), 184
pediatrics (Bowes), 1101; reply (Israel), 1101 (Corre-spondence)
respiratory distress in normal and complicated pregnancies, maternal acid-base status and (Levison et al.), 795
- Nephropathy in pregnancy in relation to erythroblastosis fetalis (Dordelmann and Ohnsorge), 842 (Abst.)
- Neutrophil alkaline phosphatase test (Harer), 1097; reply (Chang), 1098 (Correspondence)
- Newborn, effect of analgesic, amnesic, and anesthetic drugs on (Wearing and Love), 298
fetus and, 213-246
guinea pig, adverse effects of maternal hypocapnea on (Morishima et al.), 524
infants, normal and asphyxiated, oxygen and lactate levels in umbilical vein blood of (Vedra), 802
monozygotic twin girls, polycythemia and anemia in (Littlewood), 562
- Nonesterified fatty acids during late pregnancy and at de-livery (Kontinen and Pyörälä), 277 (Corre-spondence)
- Nucleotide catabolism, purine, in placenta (Hayashi et al.), 470

O

- Obedience to unenforceable. President's address (Smith), 845
- Obstetrical operation for vaginal delivery following previous cesarean section, on frequency of (Warm), 842 (Abst.)
paralysis, maternal (Murray), 399
use of ergot, violation of doctrine "primum non nocere" (Ringrose), 564 (Abst.)
- Obstetrics, audioanalgesia in (Burt and Korn), 361
and gynecology, renogram in (West and Nordyke), 275 (Abst.)
propiomazine hydrochloride in (Eisenstein et al.), 606
- Operation, obstetrical, for vaginal delivery following previous cesarean section, on frequency of (Warm), 842 (Abst.)
radium and, analysis of series of cases of carcinoma of endometrium treated by (Renning and Javert), 171
Sturmdorf, modification of suture in (Bielecki), 1091 (Comm. in brief)
- Osteomyelitis, cranial, as complication of vacuum extractor (Geeling and Möbius), 843 (Abst.)
- Ovarian cancer, cytologic detection of (Rubin and Frost), 559 (Abst.)
luteomas, bilateral, with tubal pregnancy (Rachman and Tellem), 132 (Comm. in brief)
- Ovary, androgenic, with special reference to Stein-Leven-thal syndrome (Jeffcoate), 143

Ovary—Cont'd

- with endometrial carcinoma, theca cell tumor of (Khanna, Seth, and Banerjee), 552 (Comm. in brief)
- uterine cervix, endometrium, and carcinoma of (University of Texas and M. D. Anderson Hospital and Tumor Institute), 1102 (B. rev.)
- Ovulation, chemical induction, clinical utility of (Vorys et al.), 425
- Oxidase, placental monoamine, in normal and toxemic patients (de Maria), 490
- Oxygen capacity of fetal hemoglobin (Kirschbaum), 823
 - and carbon dioxide tension gradients in human placenta at term (Wulf), 38
 - transfer across rhesus monkey placenta (Hellegers et al.), 22
 - and lactate levels in umbilical vein blood of normal and asphyxiated newborn infants (Vedra), 802
 - tension in amniotic fluid and fetal distress (Vasicka and Hutchinson), 530
 - in intervillous space (Quilligan and Cibils), 572

P

- Papanicolaou smear in pregnancy, positive (Dubner, Rosati, and Duckman), 17
- Paracervical block (Pitkin), 278; reply (Nyirjesy), 279 (Correspondence)
 - continuous (Baggish), 968 (Current investigation)
 - hazards of (Gomez), 1099; reply (Nyirjesy), 1100 (Correspondence)
- Paralysis, maternal obstetrical (Murray), 399
- Parasiticus, monster acardius (Boronow and West), 233
- Parturition, changes in blood volume during, and early postpartum period (Osofsky and Williams), 397
- Pathological significance of renal biopsy, clinical and (Wolstenholme and Cameron, editors), 557 (B. rev.)
- Pathology, embryology and, borderland of (Willis), 271 (B. rev.)
 - gynecological (Haines and Taylor), 1105 (B. rev.)
- Patients receiving ammonium chloride medication, examination of estrogen levels in (Krabisch and Seidel), 842 (Abst.)
- PCO₂, pH, and bicarbonate concentrations, of peripheral venous blood, effects of pregnancy on (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)
- Pediatrics, modern problems in (Hottinger and Berger), 1106 (B. rev.)
 - neonatal (Bowes), 1101; reply (Israel), 1101 (Correspondence)
- Pelvic and aortic lymphatic systems, female, anatomy of, demonstrated by lymphangiography (Nelson et al.), 460
 - inflammation, 721-729
 - irradiation, deferred sequelae incident to (Smith), 91
 - lymphodectomy following radiation in cervical carcinoma (Morton et al.), 932
 - lymphography, internal (Pattilo, Foley, and Mattingly), 110
- Perinatal mortality statistics in rural state, some important factors in (Ross), 342
- Peripheral venous blood, effects of pregnancy on pH, PCO₂, and bicarbonate concentrations of (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)
- Peritonitis, generalized, ruptured adnexal abscess (tubo-ovarian) with (Pedowitz and Bloomfield), 721
- Permeability, placental, in toxemia-susceptible strain of guinea pigs (Rogers, Klein, and Blumenthal), 495
- Peroxidase activity in human endometrium, uterine (Lucas et al.), 965 (Current investigation)
- Pertinent comments, 421-423
- pH, PCO₂, and bicarbonate concentrations of peripheral venous blood, effects of pregnancy on (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)
- Phenazocine with meperidine as analgesic agent during labor, evaluation of, by double blind method (Olson and Riva), 601
- Philippine General Hospital from 1950-1961, 88 patients admitted to, studies on choriocarcinoma from (Acosta-Sison), 840 (Abst.)
- Phosphatase test, alkaline, neutrophil (Harer), 1097; reply (Chang), 1098 (Correspondence)
- Physiology, maternal, in pregnancy, 190-212
 - of pregnancy, 375-390
- Pituitary follicle stimulating hormone, human, and chorionic gonadotrophin in Stein-Leventhal syndrome, effect of (Crooke et al.), 562 (Abst.)
 - growth hormone, human placental lactogen (HPL), trophoblastic hormone synergizing with chorionic gonadotropin and potentiating anabolic effects of (Josimovich and Atwood), 867
- Placebo in prophylaxis of toxemia of pregnancy in primigravida patients, thiazide versus (Fallis et al.), 502
- Placenta, 470-489, 565-591
 - and amnion, of rhesus monkey glucose concentration gradients across maternal surface (Battaglia et al.), 32
 - human, normal, chorionic villi of, electronmicroscopic observation on (Wakitani), 837 (Abst.)
 - oxygen and carbon dioxide tension gradients in human, at term (Wulf), 38
 - transfer across the rhesus monkey (Hellegers et al.), 22
 - postterm bovine, histology of (Holm, Salvatore, and Zeek-Minning), 479
 - purine nucleotide catabolism in (Hayashi et al.), 470
- Placental exchange of respiratory gases in pregnant woman at cesarean section, observations on (Stenger et al.), 45
 - function, estrogen excretion as index of (Greene, Touchstone, and Fields), 561 (Abst.)
 - lactogen (HPL), trophoblastic hormone synergizing with chorionic gonadotropin and potentiating anabolic effects of pituitary growth hormone, human (Josimovich and Atwood), 867
 - monoamine oxidase in normal and toxemic patients (de Maria), 490
 - permeability in toxemia-susceptible strain of guinea pigs (Rogers, Klein, and Blumenthal), 495
 - physiology, 22-57
 - serotonin in eclampsia and toxemia of pregnancy (Patel and Dass), 838 (Abst.)
 - villi in explant tissue culture, human term, behavior (Carr), 584
- Placentas, histochemical and lipid studies on human and rat (Helmy and Hack), 572
- Plasma lipid fractions, fatty acid composition of, in early puerperium (Leake, Burt, and Dannenburg), 190
- Polycythemia and anemia in newborn monozygotic twin girls (Littlewood), 562 (Abst.)
- Population, detection of cervical carcinoma in general (MacGregor and Baird), 563 (Abst.)
- Postmenopausal age group, electrolyte content and distribution in human myometrium in (Cibils and Schweid), 715
- Postpartum curettage for hypertension (Robinson, Schelin, and Fort), 788
 - hemorrhage, 612-617
 - delayed (Gorodovsky, Florek, and Wulf), 612
 - intrauterine bacteriologic flora, effects of certain antibiotics on normal (Wierdsma and Clayton), 541
 - period, changes in blood volume during parturition and early (Osofsky and Williams), 391
- Postterm bovine placenta, histology of (Holm, Salvatore, and Zeek-Minning), 479
- Preclimacteric menorrhagia, causes of death in cases of (Randall et al.), 880

"Prediabetes" in puerperium, evaluation of oral and intravenous glucose tolerance tests for diagnosis of (Love, Stevenson, and Kinch), 283

Pre-eclampsia in pregnancy, eclampsia and (Roulet, editor), 556 (B. rev.)

Pregnancies, normal and complicated, maternal acid-base status and neonatal respiratory distress in (Levison et al.), 795

Pregnancy, abdominal (Henderson and Wilson), 356

abnormal, disturbances in carbohydrate metabolism in (Roszkowski and Janczewska), 207

amino acid excretion during (Armstrong and Yates), 381

bilateral ovarian luteomas with tubal (Rachman and Tellem), 132 (Comm. in brief)

chloroquin in, with serological incompatibility (Martius and Allwein), 842 (Abst.)

current, on probability that untreated habitual aborter will abort (James), 838 (Abst.)

daily glycemia profile in (Roszkowski and Janczewska), 204

diagnosis by one-stage passive hemagglutination inhibition method (Fulthorpe et al.), 562 (Abst.)

differentiation of early, from functional amenorrhea (Bone, Mendel, and Haberman), 275 (Abst.)

double uterus in, rupture of (Amias), 828 (Comm. in brief)

eclampsia and pre-eclampsia in (Roulet, editor), 556 (B. rev.)

and toxemia of, placental serotonin in (Patel and Dass), 838 (Abst.)

effect of, on course of systemic lupus erythematosus (Mund, Simson, and Rothfield), 837 (Abst.)

effect of, on pH, PCO₂, and bicarbonate concentrations of peripheral venous blood (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)

and of Enovid on rabbit vasculature, effect (Danforth, Manalo-Estrella, and Buckingham), 952

human cervical epithelial cells during, ultrastructure of (Chapman et al.), 3

idiopathic jaundice of (Fast and Roulston), 314

interstitial (Škulj et al.), 596

late, nonesterified fatty acids during, and at delivery (Kontinen and Pyörälä), 277 (Correspondence)

luteomas of (Greene, Holzwarth, and Roddick), 1001

massive retroperitoneal hemorrhage from spontaneous rupture of hamartoma of kidney in (Kiser, McGannon, and Sinclair), 545 (Comm. in brief)

maternal physiology in, 190-212

mesenteric vascular occlusion in (Cox), 128 (Comm. in brief)

myasthenia gravis in (Plauché), 404

nephropathy in, in relation to erythroblastosis fetalis (Dordelmann and Ohnsorge), 842 (Abst.)

positive Papanicolaou smear in (Dubner, Rosati, and Duckman), 17

and puerperium, blood volume changes in. III. Whole body and large vessel hematocrits in pregnant and nonpregnant women (Pritchard and Rowland), 391

in rudimentary horn of uterus diagnosed before operation (Naor), 131 (Comm. in brief)

successful, after radiation therapy for carcinoma of cervix (Whelton and McSweeney), 443

surgical treatment of incompetent cervix during (Tsou-souloupoulos and Papathanassiou), 553 (Comm. in brief)

toxemia of, 490-504, 774-794

(Sophian), 982 (Correspondence)

experimental, tissue metabolism in (Goldstein, Hochstein, and McKay), 791

in primigravid patients, thiazide versus placebo in prophylaxis of (Fallis et al.), 502

serum protein fractionation in (de Alvarez and Afonso), 774

twin (Sparling), 349

Pregnancy—Cont'd

urine, estriol in, method for assay of (Klopper and Wilson), 838 (Abst.)

virus infections in (Corston and Mirchandani), 291

Pregnant human uterus, action of estradiol 17 β on activity of (Pinto et al.), 759

women, simple gas chromatographic method for estimation of urinary estriol in (Yousem), 375

Premature rupture of fetal membranes, ascorbic acid deficiency and (Wideman, Baird, and Bolding), 592

of membranes, spontaneous (Burchell), 251

Prematurity, maternal, fetal, and environmental factors in (Donnelly et al.), 918

Prevention of cancer of cervix, cytology in (Grant), 563 (Abst.)

- Thiazide versus placebo in prophylaxis of toxemia of pregnancy in primigravid patients (Fallis et al.), 502
- Tissue, adnexal, torsion of cystic or diseased (McGowan), 135 (Comm. in brief)
- culture, explant, human term placental villi in, behavior (Carr), 584
- metabolism in experimental toxemia of pregnancy (Goldstein, Hochstein, and McKay), 791
- Tissues, uterine, definition of stimulatory response of isolated human (McGaughey et al.), 68
- Tolerance tests, glucose, for diagnosis of "prediabetes" in the puerperium, evaluation of oral and intravenous (Love, Stevenson, and Kinch), 283
- Torsion of cystic or diseased adnexal tissue (McGowan), 135 (Comm. in brief)
- Toxemia (Newton and Romney), 972 (Clinical problems)
- antibodies to trophoblast post partum and (Sophian), 280; reply (Hulka), 281 (Correspondence)
- of pregnancy, 490-504, 774-794
- (Sophian), 982 (Correspondence)
- eclampsia and, placental serotonin (Patel and Dass), 838 (Abst.)
- experimental, tissue metabolism in (Goldstein, Hochstein, and McKay), 791
- in primigravid patients, thiazide versus placebo in prophylaxis of (Fallis et al.), 502
- serum protein fractionation in (de Alvarez and Afonso), 774
- Toxemia-susceptible strain of guinea pigs, placental permeability in (Rogers, Klein, and Blumenthal), 495
- Toxemic patients, placenta monoamine oxidase in normal and (de Maria), 490
- Transactions, American Association of Obstetricians and Gynecologists, 845-962, 985-1089
- Society of Obstetricians and Gynaecologists of Canada, 283-374
- Transfer, oxygen and carbon dioxide, across rhesus monkey placenta (Hellegers et al.), 22
- Transfusion, exchange, mortality and morbidity of (Taylor), 564 (Abst.)
- Transplanted choriocarcinoma and its endocrine implications, ultrastructure of (Wynn and Davies), 618
- Transverse lie (Kaiser and Brown), 976 (Clinical problems)
- Treatment and prognosis, diagnosis, of cancer (Ackerman and Del Regato), 1102 (B. rev.)
- surgical, of incompetent cervix during pregnancy (Tsoutsouloupoulos and Papathanassiou), 553 (Comm. in brief)
- Trichomonas vaginalis and dysplasia in uterine cervix, experimental study of relationship between (Patten, Hughes, and Reagan), 559 (Abst.)
- Trophoblast post partum and toxemia, antibodies to (Sophian), 280; reply (Hulka), 281 (Correspondence)

- Trophoblastic hormone synergizing with chorionic gonadotropin and potentiating the effects of pituitary growth hormone, human placental lactogen (HPL) (Josimovich and Atwood), 867
- Tubal choriocarcinoma, extrauterine (Riggs et al.), 637
- Tubenastomosis, intramural (Ehrler), 842 (Abst.)
- Tuboovarian abscess, adnexal, ruptured, with generalized peritonitis (Pedowitz and Bloomfield), 721
- Tumor clinic, gynecological, impact of (Ullery and Holz-aepfel), 1020
- of ovary with endometrial carcinoma, theca cell (Khanna, Seth, and Banerjee), 552 (Comm. in brief)
- Twin girls, polycythemia and anemia in newborn monozygotic (Littlewood), 562 (Abst.)
- pregnancy (Sparling), 349

U

- Ultrastructure, atlas of (Rhodin), 270 (B. rev.)
- of transplanted choriocarcinoma and its endocrine implications (Wynn and Davies), 618
- Umbilical artery, single, and congenital malformations (Fujikura), 829 (Comm. in brief)
- cord, maligned, entanglements (Dippel), 1012
- new rubber tab for ligation of (Eisenstein and Roth), 1094 (Comm. in brief)
- vein blood of normal and asphyxiated newborn infants, oxygen and lactate levels in (Vedra), 802
- University of Nebraska School of Medicine, graduate training program at, 282 (Item)
- Untreated habitual aborter will abort a current pregnancy, on probability (James), 838 (Abst.)
- Ureter, exposure of, total hysterectomy with (Cabaniss and Gill), 733
- Urethrocystoexy, sutureless, treatment of urinary incontinence in debilitated patients by (Gallo), 275 (Abst.)
- Urinary estriol in pregnant women, simple gas chromatographic method for estimation of (Yousem), 375
- incontinence, demonstrable, clinical characteristics of patients with (Low), 322
- treatment of, in debilitated patients by sutureless urethrocystoexy (Gallo), 275 (Abst.)
- Urine, pregnancy, estriol in, method for assay of (Klopper and Wilson), 838 (Abst.)
- Uterine bleeding, fibrin in endometrial stroma, its relation to (Picoff and Luginbuhl), 642
- cervix, endometrium, and ovary, carcinoma of (University of Texas and M.D. Anderson Hospital and Tumor Institute), 1102 (B. rev.)
- experimental study of relationship between Trichomonas vaginalis and dysplasia in (Patten, Hughes, and Reagan), 559 (Abst.)
- contractility, human, in vitro and in vivo effects of Sparine (promazine hydrochloride) on (Zourlas), 770
- intrauterine fetus, and infant, effects of magnesium sulfate on (Hutchinson et al.), 747
- motility in saline-induced abortions, quantitative analysis of (Wiqvist and Eriksson), 75
- peroxidase activity in human endometrium (Lucas et al.), 965 (Current investigation)
- tissues, isolated, human, definition of stimulatory response of (McGaughey et al.), 68
- Uterus, cancer of (see also Carcinoma)
- (Sirtori and Morano), 1103 (B. rev.)
- cryosurgery of, description of technique and potential application (Cahan), 410 (Current investigation)
- double, rupture of, in pregnancy (Amias), 828 (Comm. in brief)
- human, pregnant, action of estradiol 17 β on activity of (Pinto et al.), 759
- pregnancy in rudimentary horn of, diagnosed before operation (Naor), 131 (Comm. in brief)

V

- Vacuum extractor, cranial osteomyelitis as complication of (Geeling and Möbius), 843 (Abst.)
- Vagina in guinea pigs, absorption of sperm antigen from (Isojima and Ashitaka), 433
- Vaginal and abdominal delivery, neonatal albuminuria following (Glass), 242
- delivery following previous cesarean section, on frequency of obstetrical operation for (Warm), 842 (Abst.)
- hysterectomy for carcinoma of fundus (Pratt, Symmonds, and Welch), 1063
- lactobacilli do not ferment glycogen, evidence that (Stewart-Tull), 676
- microbiology and maternal and neonatal hematology, effect of metronidazole on (Kotcher, Frick, and Giesel), 184
- physiology and vaginitis, 676-694
- Vaginalis, *Trichomonas*, and dysplasia in uterine cervix, experimental study of relationship between (Patton, Hughes, and Reagan), 559 (Abst.)
- Vaginitis, 184-189
- emphysematosa, etiology of (Gardner and Fernet), 680
- Vascular occlusion in late pregnancy, mesenteric (Cox), 128 (Comm. in brief)
- Vasculature, effect of pregnancy and of Enovid on rabbit (Danforth, Manalo-Estrella, and Buckingham), 952

- Vein blood, umbilical, of normal and asphyxiated newborn infants, oxygen and lactate levels in (Vedra), 802
- Venous blood, peripheral, effects of pregnancy on pH, PCO₂, and bicarbonate concentrations of (Seeds, Battaglia, and Hellegers), 1086 (Current investigation)
- Version, external cephalic, reduction of hazards of breech presentation by (Macarthur), 302
- Vesicoureteral reflux, role in pyelonephritis (Hutch, Miller, and Hinman), 560 (Abst.)
- Villi in explant tissue culture, human term placental, behavior (Carr), 584
- Virus infections in pregnancy, investigation of (Corston and Mirchandani), 291
- Vitellointestinal fistula (Austin), 830 (Comm. in brief)

W

- Weight, fetal, and membrane tensile strength (Polishuk, Kohane, and Hadar), 247
- Women astronauts selection program, prospective (Betson and Secrest), 421 (Pertinent comments)

Y

- Young primipara, 256-269
(Hassan and Falls), 256
